I am available from 10:00 to 12:00 and after 2:30 CST. Not sure if this gives Tetrattech enough time to prepare though.

All,
 Would people be able to reschedule tomorrow's call for some time today? I am supposed to be off tomorrow. If this is possible, I greatly appreciate it.
 Michael

All,
 As we discussed in our May 3 call, this will establish standing calls for presentation of delineation data and discussion amongst the group. We've set them for Tuesdays and Fridays. We are hopeful we will have data ready for discussion beginning next Friday (5/18).

We should know the day before the calls if we will have data ready to discuss the delineation of any subareas. If there will not be data ready for discussion, we will cancel the call as soon as we are able to make that determination. If we have data available, we will get the group applicable tables and/or figures to support the discussion. We will also present via Skype during the calls.

Regards,

--dave
